

HOUSE! GINGERBREAD

Build your own

Assembling Your House

1. Form your house front & back by cutting off the tops of 2 full crackers with a serrated knife

2. Cut the tip off of your frosting bag & pipe frosting onto the OUTER edges of your front & back

3. Break 2 full size crackers in half & press two sections onto the outsides of the front & back

4. Pipe a generous amount of frosting onto the entire top edge of the house

5. Press the remaining cracker pieces in place to make the roof & pipe frosting down the middle roof ridge

6. Now the fun part...
